

Digital Workshop “Cereals 2021: Cereal stress adaptation and resilience”

The German Society of Plant Breeding (GPZ), the German Association for Plant innovation (GFPI) and Participants of the Joint Project BREEDING INNOVATIONS IN WHEAT (BRIWECS) are planning to hold a Digital Workshop “Cereals 2021: Cereal stress adaptation and resilience” on Tuesday 1st June and Wednesday 2nd June 2021

AGENDA: (draft)

Sessions

KEYNOTES

Part 1: June 1st, 3.45pm – 7.00pm (CET)

BRIWECS Workshop, Ecophysiology and G*E*M interactions

Keynote 25min **Nils Stein** (University of Göttingen & IPK Gatersleben)

Keynote 25min **Curtis Pozniak** (University of Saskatchewan, Canada)

Keynote 25min **Alison Bentley** (CIMMYT, Mexiko)

+6 contributed papers 15min each

Part 2: June 2nd, 8.30am - 10.00am (CET)

GFPI Session: Current activities in applied wheat breeding (Progress Reports)

Keynote 25min **Peter Langridge** (Univ. of Adelaide, Australia & Wheat Initiative)

+4 contributed papers 15min each

Part 3: June 2nd, 10.3 0am – 1:00pm (CET)

GPZ session: Developing wheat crops resilient to biotic and abiotic stress

Keynote 25min **Brande Wulff** (John Innes Centre, Norwich, UK)

Keynote 25min **Maria von Korff** (MPI Cologne & Heinrich Heine Univ. Düsseldorf)

+6 contributed papers 15min each
