

# 6th Conference on Cereal Biotechnology and Breeding

Jointly organised with the Cereals Section of EUCARPIA

2-5 November 2021

Central European University  
Budapest, Hungary

EUCARPIA

In November 2021 we will organise the 6th CBB Conference (CBB6) which will be held in the wonderful historical city of Budapest.

The registration and abstract submission is open!

The event will be jointly organised with the Cereals Section of EUCARPIA - the European Association for Research on Plant Breeding Research. EUCARPIA aims to promote scientific and technical co-operation in the field of plant breeding in order to foster its further development.

## Invited speakers

Luigi Cattivelli  
Italy

Gilles Charmet  
France

Ildikó Karsai  
Hungary

Elena Khlestkina  
Russia

Viktor Korzun  
Germany

Jochen Kumlehn  
Germany

István Molnár  
Hungary

Kerstin Neumann  
Germany

Renáta Sándor  
Hungary

Katharina Scherf  
Germany

Cristobal Uauy  
UK

Brande Wulff  
UK

## EUCARPIA's sections are:

- Potatoes
- Cereals
- Fodder Crops and Amenity Grasses
- Biometrics in Plant Breeding
- Genetic Resources
- Maize and Sorghum
- Vegetables
- Fruit
- Ornamentals
- Oil and Protein Crops
- Organic and Low-Input Agriculture

For more details about the association please visit [eucarpia.org](http://eucarpia.org)

## Welcome reception

At the Welcome Reception, our guests will have the opportunity to get acquainted with the venue and meet the participants of the Conference. Snacks and refreshments will be served.

## Gala Dinner

While cruising the river under the magnificent bridges across the river Danube, and in front of the World Heritage view of historic Buda, the famous Parliament building and the cultural-governmental districts of Pest with a relaxing music played in the background you will enjoy a wide range of delicious Hungarian dishes paired with a great Hungarian wine selection.

## Visit at Agricultural Institute, Centre for Agricultural Research

As part of the scientific program, participants can join a site visit to the Agricultural Institute, Centre for Agricultural Research, ELKH, Martonvásár. Martonvásár, one of the most renowned agricultural research center in the region, located about 30 km from Budapest. During the site visit participants can visit the breeding departments (molecular and resistance breeding, wheat quality labs + greenhouses), basic research laboratories (phytotrons, genomics and molecular cytogenetics).

## Digital poster

Digital poster is a great way to expand spatial and temporal constraints at a conference. It allows all posters to be available throughout the conference, while also providing a stand-alone, dedicated look. To present a digital poster, all we need is a 300 dpi portrait orientated PDF file, which participants email in advance to the organizers, who prepare the files.

There is no more convenient way to show your results on a poster, and you don't even have to worry about the tiniest details because everything on the digital poster can be enlarged!

## Conference topics

Natural Diversity for Genetic Improvement  
Environmental Adaptation  
Biotic Stress Response  
Quality for Food and Industrial Use  
Bioinformatics and Genomic Selection  
Genomic and Genetic Manipulation  
Phenotyping Technologies  
Future Challenges and Innovations

## Venue

The conference will be organized at Central European University (CEU), located in the heart of Budapest, within steps of the Basilica, the Hungarian Parliament and the Danube. It is a premier destination for conferences and events.

We reserve the right to change.

## Important dates

### Submission

Abstract submission deadline: 15 July 2021  
Abstract notification by Organizers: 1 August 2021

### Registration and payment

Early bird payment deadline: 15 August 2021  
Standard payment deadline: 30 September 2021  
Late registration from: 1 October 2021

We wish to welcome you to Budapest!

Andreas Börner  
Conference Chair

János Pauk  
Conference Founding  
Co-Chair

Gábor Galiba  
Conference Co-Chair

Csengele Bognár  
Conference  
Coordinator
